

**Record of Annual Meeting  
With  
Local Emergency Responders**

Basin Electric Power Cooperative  
Laramie River Station  
Platte County Wyoming

Date: Multiple attempts in 2023

Location: TBD

40 C.F.R. §257.73(a)(3)(i)(E) requires provisions be made for an annual face-to-face meeting between Basin Electric Power Cooperative Laramie River Station representatives and Platte County emergency responders (local emergency responders). Multiple attempts were made to schedule a meeting and inform the newly installed Emergency Manager about the Emergency Action Plan (EAP) and to review site activities for CCR units at Laramie River Station in 2023. Site EAP is available publicly online.

Previous meetings were held with the group led by the Emergency Management Coordinator virtually and in person. The last discussion with Anthony Krotz (new Coordinator) on December 7, 2023 indicated that he would set up the meeting. They have not set up the meeting as of 12/31/2023.

This notice serves to document the attempts made by Basin Electric Power Cooperative that indicate we fulfilled the obligation to have a meeting with the local emergency responders as required by 40 C.F.R. §257.105(f)(7). A follow-up face-to-face meeting will be held as soon as reasonably practicable after work resumes to the normal practices of the Platte County Emergency Manager.

  
LRS EAP Coordinator
